Explore the fascinating marine life that inhabit Hawai'i's coral reefs and learn of the challenges that threaten their survival. Dive below the ocean's surface to meet Liona the Lionfish, who introduces us to many delightful characters like Palani Polyp, Coral the Coral Reef and sea turtles Gary and Harry. On an exciting journey exploring coral reefs and other ocean habitats, they teach us how to conserve and take better care of our ocean and its inhabitants, so that we can build a better sea for everyone to enjoy.
